RUMFORD HOSPITAL OFFICIAL NAMED PRESIDENT OF TRI-COUNTY PLANNING AGENCY

Eugene E. Loubier, Rumford Community Hospital administrator, was elected president of the Tri-County Health Planning Agency, at the annual meeting in Lewiston on Oct. 22. Other elected officers included James R. Costello, vice-president, Lewiston; Mrs. G. Curtis Webber, secretary, Auburn; and Donald A. Rioux, treasurer, Lewiston.

The Tri-County Health Planning Agency, comprised of Androscoggin, Franklin and Oxford Counties, was organized a year ago through the passing of Federal health legislation. The creation of the Partnership for Health Program in 1966 introduced the concept of comprehensive health planning throughout the country. Under this program, sections of the country and then each individual state, were divided into regions. This enables all health and related agencies and groups to develop a cooperative and coordinated approach toward the objective of good health for every individual. This new program also gives the state great flexibility in supporting health services in the communities.

In accepting the office of president, Loubier outlined several work objectives to attain this goal: a program of public education to attempt to find out the needs and interests of the consumer of health care; secondly, to promote a broad-based program of financial support to involve business, industry, and local and county taxes; and to promote a close relationship with existing agencies.

Other members elected to the Agency's board of directors from this area include John Morton, local educator, Rumford; Norman Ferguson, Jr., Oxford County commissioner, Hanover; and Dexter Stowell, industrial leader of Bethel.

POT LUCK SUPPER FOR LEGION FAMILIES

S. A. D. 44 BOARD OF DIRECTORS TO MEET AT TELSTAR MONDAY

The board of directors of S. A. D. 44 will hold a regular meeting in the Lecture Hall at Telstar Regional High School on Monday evening, Nov. 3, at 7:30. Action is scheduled on the nomination of an instructor to fill the recently approved added grade three position at Woodstock Elementary School, as well as a staff resignation. Reports from the building, and negotiating committees are scheduled as well as from the committee appointed to name the Telstar athletic field.

STATE'S MUNICIPALITIES FACE TROUBLE IF ANTI-POLLUTION BOND ISSUE NOT APPROVED

Cities and towns throughout Maine face a drastic delay or great additional expense in cleaning up water pollution unless Question 8, the \$50 million bond issue for pollution abatement, is passed, Governor Kenneth M. Curtis has declared.

It is estimated that Bethel has a cost of \$682,000 to construct a sewage treatment plant and to provide the necessary force mains, etc. Costs are now shared between the federal government, the state of Maine, and the local communities on an approximately 50, 35 and 15 per cent basis.

"Delays are costly," Curtis said, and we now find that the state has to advance the federal share of many of these projects. If we wait, the costs to the towns and the state are going to be astronomical, not to mention the lost potential that water pollution is causing the state in industry that has been turned away or possibly valuable real estate along our rivers that cannot now be used.

Curtis urged the citizens of all towns in Maine to consider how important the stakes were for their community in seeing that Question 8 was passed.

JOURNEYMEN SINGERS TO APPEAR NOV. 1

The Journeyman Singers will present a concert of hymns and gospel songs on Saturday, Nov. 1, at 8 p. m., at the Bethel Church of the Nazarene. The public is invited to attend.

IN OXFORD COUNTY

Oxford County 4-H Achievement Night was held at Oxford Hills High School Friday night, Oct. 24. Blue ribbon awards were presented to 322 Oxford County 4-Hers. More than 500 members and relatives were present for the presentations.

Two cars and a railroad crossing signal were damaged an estimated \$2,000 Tuesday on Main Street, South Paris, in front of Cornwall Shopping Center. Aaron Cox, 40, Norway Lake, was the driver of one vehicle and suffered a cut over his right eye. The other car involved was operated by Carlton Sargent, 86, of Naples. Neither Sargent or his companion, Mrs. Edith Monahan, were injured. Sargent was summoned to appear in district court on a charge of failure to yield the right of way.

GOOD ROADS ASSOCIATION

URGES PASSAGE OF \$21,500,000 HIGHWAY BOND ISSUE

Funds for New Bridge at Alder River Said to be Included

The Maine Good Roads Association is actively supporting passage of the \$21.5 million highway bond issue that will be voted upon in the Tuesday, Nov. 4, referendum.

Chairman David H. Stevens of the State Highway Commission has pointed out that if the bond issue is turned down the highway construction program will "come to a halt." According to the M. G. R. A. this could have a serious effect on every area of the state in which projects are scheduled.

The following projects in this area are included in the overall construction program which would be supported by the bond issue:

Bethel, U. S. Route 2, 2.36 miles, \$100,000 (preliminary engineering and right of way work); Bethel, Route 26, 0.10 mile, \$150,000 (Alder River Bridge); Fryeburg, Route 5, 1.25 miles, \$408,000; Lovell, Route 5, 1.30 miles, \$370,000; Magalloway Plantation, Route 16, 0.10 miles, \$150,000.

According to Edward F. Cox of the Association, a vote against question No. 11 could be a vote against the above listed projects.

Up to nearly \$59 million of federal funds would not be available to the State Highway Commission should the bond issue be defeated. It was also pointed out that the \$21.5 million bond issue would be retired from existing revenues and would not require a new tax.

SHERIFF'S DEPARTMENT

INVESTIGATING SERIES OF BREAKS IN COUNTY

A break occurring at the C. N. Brown Retail Co., Lovell, is being investigated by the Oxford County Sheriff's Department. The break was discovered Monday morning.

A 200-pound safe containing \$900 in small bills was stolen and \$100 was taken from a drinking machine which was opened. Also taken was a black and white 17-inch television set, valued at \$139.95, 100 cartons of assorted cigarettes, a box of ballpoint pens valued at \$50, and two skill saws, one valued at \$102, and the other at \$28.85.

An estimated \$300 to \$400 in tools were reported taken over the weekend from J. A. Thurston Co. in Mexico. The theft was reported Sunday by Murray Thurston, an official of the company.

The Arthur Hannaford cottage on Hogan Pond in Oxford was reported broken into either Saturday or Sunday with a radio and smaller items reportedly missing.

Chief Deputy Richard Andrews of Fryeburg and Deputy Robert Wood of Watford are conducting the C. N. Brown investigation. Deputies Emile Carrier and William Dickson are checking into the Mexico break.

"SIX-PART" W-2 FORM MUST BE USED BY MAINE EMPLOYERS

Recently, the North Atlantic Service Center, Andover, Mass., mailed to all Maine employers a Publication No. 393, "Federal Employment Tax Forms," that included a 4-part Form W-2, "Wage and Tax Statement 1969". These forms should not be used.

Under the new State of Maine Income Tax Law, a "6-part Form W-2" must be used by all employers.

A revised Publication No. 393 will be sent to all employers. This mailing should be completed on or about Nov. 7.

INTEREST IN RETAINING LOCAL AMBULANCE

SERVICE SHOWN AT SUNDAY MEETING

To Make Further Plans at Meeting Sunday, Nov. 9

An encouraging number of people interested in volunteering to take part in a local ambulance call service were present at the meeting Sunday evening held at the Bethel fire station. Others who were unable to attend the meeting were reportedly willing to participate. The cooperation of local business men has been most gratifying as many of them have indicated that they are willing for their employees to leave for calls if necessary.

It was decided that the next meeting will be held at the fire station Sunday evening, Nov. 9, at 8 o'clock. It is very important that all those wanting to take part in this project attend the meeting.

Here are some of the foremost questions and their answers as discussed at the meeting.

1. What is the government rule that makes the cost of operating a private ambulance service prohibitive? Answer: The government requires two trained attendants to be on call 24 hours a day at a minimum wage of \$1.60 an hour. After 40 hours, time and a half for overtime must be paid, so that in less than two days the employer would have to start paying overtime. You can figure for yourself the amount that would have to be paid in salary. Even employing more men

and saving on overtime, the wage cost is still prohibitive.

2. Would volunteer attendants be paid? Answer: Yes, they would be paid for each call to which they respond.

3. What is the approximate number of ambulance calls per year? Answer: There has been an average of 70 a year over the period of the last four years.

4. Who pays the attendants? Answer: They are paid by the ambulance service, not the town.

5. Does the Red Cross course taken by ski patrol members meet the requirements? Answer: Yes, if they hold a current certificate (good for three years).

6. Would the Medical Self-Help classes be held in Bethel? Answer: Yes.

7. How long a course is the Medical Self-Help Course? Answer: It is a 16 hour course which could probably be given in eight sessions.

8. Would Mr. Greenleaf continue his service after March 31, 1970? Answer: Yes, if the volunteer program is successful, and the town votes the \$5,000 subsidy as in the past years.

9. Would the out-of-town ambulance service require a subsidy from the town also? Answer: Yes.

The Civil Defense director has offered to help coordinate and arrange the schedule, and urges all interested to be sure to attend meeting on Nov. 9 at the fire station.

PURPOSES OF PROPOSED BOND ISSUES

— CONSTITUTION AMENDMENTS OUTLINED

Maine voters will go to the polls

on Tuesday, Nov. 4, to consider 13 bond issues and four proposed constitutional amendments that were approved by the 104th Legislature.

Question 1 asks for a bond issue of \$7,540,000 to allow for "program improvement and increased enrollment" at the University of Maine by expanding classroom facilities bettering the physical plant. This bond issue, if passed, will provide a utility building at Ft. Kent, a sewage treatment plant at Gorham. It will provide a classroom addition at Farmington, a library wing at Augusta, an outdoor health and physical education facility at Washington State, Machias. It will provide a pier at the Darling Oceanographic Center at Walpole and a class room building and other facilities at Aroostook State, Presque Isle, New England, math and chemical engineering buildings will be built at Orono; alterations and improvements will be made to the South Campus, Bangor.

Question 2 is a bookkeeping item. It asks that \$13,000, approved by the voters in a previous bond issue, for a "night lighting system and unicorn radio station at Norridgewock Airport," now to be used "for purposes designated by the Aeronautics Commission."

Question 3 is an important one, although the dollar sum of this bond issue is not very large. Camp Waban is facility for retarded children at Sanford, begun by a handful of parents of retarded children who were desperate for a facility where their children could receive care. In four years, it has become a much-needed and growing Maine institution. The \$210,000 asked for in the bond issue will be matched by \$294,143 in federal and private contributions to building a residential unit, infirmary, cafeteria, sanitation system, sheltered workshop, trainable unit,

roads, special playground and other improvements.

Question 4 relates to a problem that the state has experienced in providing payments to municipalities of state subsidies for education costs. Currently, these payments are made in two lump sums during the year. The state has had great difficulty in meeting these payments because of a lack of cash on hand from taxes when the payments are due. As a result, borrowing must be done by the state and by the municipalities, as well, in anticipation of their payments. Near crises have been caused when it becomes difficult for the state to borrow the required money on a short-term basis. To ease this problem, it is necessary to institute a system of monthly payments, but to do so requires funding for the transitional period of January to June of 1970. The sum of \$22 million contained in Question 4 is the needed amount.

Question 5 asks for \$310,000 in bonds to build water and sewage facilities on the state's three Indian reservations. These facilities must be built as pre-requisites for housing projects that have been planned in conjunction with the U. S. Dept. of Housing and Urban Development.

Question 6 calls for a bond issue of \$109,000 for freight and passenger docking facilities at Matineus Island. The Maine Authority would construct this dock at the island, which has become a unique tourist attraction. Present facilities do not allow for docking at low tide, thus causing considerable hardship and inconvenience.

SUNDAY RIVER

Mrs. R. M. Fleet, Corres.

Barbara Yates and Jeannine Fleet were in Berlin, Tuesday.

Mrs. Laurel Harrell and friend were in Lewiston Friday shopping for children's winter clothes.

Dr. Loy Harrell went to New York to meet his mother but was very much disappointed to find her ill and unable to come back with him. We all are sorry and hope she can make it soon. He did stop on the way home and get his daughter, Holly Harrell, for over the week end, from Concord, N. H.

No Halloween party at the Sunday River Sunday School because of too much going on elsewhere.

Antoine Morin and son of Gilead helped Dr. Loy Harrell get in winter wood Sunday.

Mr. and Mrs. Clayton Blake were Sunday callers on her parents, Mr. and Mrs. Estes Yates and brother, Bryce Yates, and family.

Mrs. Lina Reynolds was home over the week end.

Romeo Baker went to Plainfield, N. J., to attend the funeral of a former employer Monday.

Well, winter did pay us a call with a four inch white blanket Tuesday and Wednesday and some is still with us with no frost underneath.

SOUTH WOODSTOCK

Mrs. Olive Davis, Corres.

Mr. and Mrs. Ellis M. Davis attended the 50th annual session of the Maine State Grange which was held at the Armory in Augusta. They left Wednesday night during the snow storm as they were attending the 5 o'clock banquet held at Holiday Inn for the officers and deputies of the State Grange.

Mrs. Katie Tamminen, Master of West Paris Grange, rode down with them to attend the Lecturer's program and selection of the Apple Princess in which Terri Poland represented Oxford Pomona No. Two, being entered from West Paris Grange. Terri was chosen as one of 8 who will compete at Trade show held in January.

Mr. and Mrs. Davis returned home Saturday night after the installation of the new officers of the Maine State Grange. Past Master Arthur Perkins and staff conducted the ceremony in a very impressive manner. Brother Arthur Perkins is the High Priest of Demeter, which is the highest officer of the National Grange.

This session was honored by the attendance during Thursday and Friday of the National Master and Ceres Mr. and Mrs. John Scott of Pennsylvania.

Elida Halleck of Malden, Mass., visited her daughter, Mrs. Lenwood Andrews the past week. Her son, Vincent Woods of Massachusetts came after her Saturday and they returned to Malden, Mass., that day.

Mrs. Jimmy Andrews and two sons, Tony and Devon, called on their grandparents, Mr. and Mrs. Harlan Andrews Thursday evening. Ralph Dean is in Norway Hospital for surgery. Mrs. Dean is staying in Norway with her daughter, Mrs. Sam Sweetser.

Mr. and Mrs. Ralph Estes are moving to Snow Falls.

Mr. and Mrs. James Mason attended the State of Maine Crafts meeting held in Augusta, Sunday, Oct. 19.

Mr. and Mrs. Dick Brown have their lawn graded in front of their new home.

David Harris has his foundation for his new home laid.

Mr. and Mrs. Bruce Thurlow came home from his base in Texas and will have a 17 days furlough with his parents, Mr. and Mrs. Leslie Thurlow. He will return to Alabama for further duty after this.

Roseanne Mason, who is taking nurses training at the hospital, South Lancaster, received her capping and dedication the 17th of October. Her

SUNDAY RIVER

Mrs. R. M. Fleet, Corres. —
Barbara Yates and Jeannine Fleet were in Berlin, Tuesday.

Mrs. Laurel Harrell and friend were in Lewiston Friday shopping for children's winter clothes.

Dr. Loy Harrell went to New York to meet his mother but was very much disappointed to find her ill and unable to come back with him. We all are sorry and hope she can make it soon. He did stop on the way home and get his daughter, Holly Harrell, for over the week end, from Concord, N. H.

No Halloween party at the Sunday River Sunday School because of too much going on elsewhere.

Antoine Morin and son of Gilead helped Dr. Loy Harrell get in winter wood Sunday.

Mr. and Mrs. Clayton Blake were Sunday callers on her parents, Mr. and Mrs. Estes Yates and brother, Bryce Yates, and family.

Mrs. Lina Reynolds was home over the week end.

Romeo Baker went to Plainfield, N. J., to attend the funeral of a former employer Monday.

Well, winter did pay us a call with a four inch white blanket Tuesday and Wednesday and some is still with us with no frost underneath.

SOUTH WOODSTOCK

Mrs. Olive Davis, Corres. —

Mr. and Mrs. Ellis M. Davis attended the 96th annual session of the Maine State Grange which was held at the Armory in Augusta. They left Wednesday night during the snow storm as they were attending the 5 o'clock banquet held at Holiday Inn for the officers and deputies of the State Grange.

Mrs. Katie Tamminen, Master of West Paris Grange, rode down with them to attend the Lecturer's program and selection of the Apple Princess in which Terri Poland represented Oxford Pomona No. Two, being entered from West Paris Grange. Terri was chosen as one of 8 who will compete at Trade show field in January.

Mr. and Mrs. Davis returned home Saturday night after the installation of the new officers of the Maine State Grange. Past Master Arthur Perkins and staff conducted the ceremony in a very impressive manner. Brother Arthur Perkins is the High Priest of Demeter, which is the highest officer of the National Grange.

This session was honored by the attendance during Thursday and Friday of the National Master and Ceres, Mr. and Mrs. John Scott of Pennsylvania.

Hilda Halleck of Malden, Mass., visited her daughter, Mrs. Lenwood Andrews the past week. Her son, Vincent Woods of Massachusetts came after her Saturday and they returned to Malden, Mass., that day.

Mrs. Jimmy Andrews and two sons, Tony and Deven, called on their grandparents, Mr. and Mrs. Harlan Andrews Thursday evening. Ralph Dean is in Norway Hospital for surgery. Mrs. Dean is staying in Norway with her daughter, Mrs. Sam Sweetser.

Mr. and Mrs. Ralph Estes are moving to Snow Falls.

Mr. and Mrs. James Mason attended the State of Maine Crafts meeting held in Augusta, Sunday, Oct. 19.

Mr. and Mrs. Dick Brown have their lawn graded in front of their new home.

David Harris has his foundation for his new home laid.

Mr. and Mrs. Bruce Thurlow came home from his base in Texas and will have a 17 days furlough with his parents, Mr. and Mrs. Leslie Thurlow. He will return to Alabama for further duty after this.

Roseanne Mason, who is taking nurses training at the hospital, South Lancaster, received her capping and dedication the 17th of October. Her

Bear River Grange met Saturday evening. Randall Brooks was installed as gatekeeper. David Murphy, lecturer of Pine Mt. Grange, Gorham, N. H., was installing officer, assisted by F. Owen Wight.

Mrs. Katherine Murphy, Worthy Master, Pine Mt. Grange, was a guest. Mrs. Josephine Tripp and Mrs. Selma Chapman attended State Grange at Augusta last week and Mrs. Tripp gave a report on the meeting. The program was presented by the lecturer, Mrs. Gilbert Seeley (Circle of Friendship) to the tune of "There is a Smile". Ida Wight gave trick quizzes. Refreshments were served. The next meeting will be Nov. 3.

A Halloween party will be held for the children Friday evening at 7, at the Raymond Foster School. Mrs. Karlene Bachelder, Mrs. Eleanor Morton and Mrs. Gilbert Seeley are the committee in charge. Games will be played and refreshments of candy, cider and doughnuts will be served.

Benjamin Ball is a patient in a hospital at Boston, Mass. Robert Duran, Mrs. Elizabeth Duran and Mrs. Harriett Duran visited him there Sunday.

The Ladies Circle of the Newry Community Church will put on a church supper at the Grange Hall, Nov. 8.

Miss Susan Brooke, Gorham State College, spent the week end at the home of her parents, Mr. and Mrs. F. Owen Wight.

Bud Hill and two friends, Coventry, R. I., were recent guests of Mr. and Mrs. Edmund Seeley.

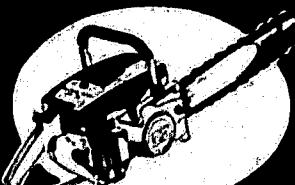

Mr. and Mrs. Verne Glover and Eric, Buxton, were guests of Amy and Roger Hanscom, Sunday P. M.

Mr. and Mrs. Willard Wight and Gretchen, Stillwater, were guests of his parents, Mr. and Mrs. Fred Wight, Friday. They went to Errol, N. H., to visit Mrs. Lila Barnett.

grandmother, Mrs. May Belle Thurlow, Washington, D. C., came up to the ceremony as did her father Donald Mason and family from West Paris. Mrs. Thurlow returned to Maine with Donald and is staying with her daughter, Mrs. James Mason for a while.

Donald Mason flew to California Friday to bring back his wife Virginia, who carried her aunt Betty home after she had visited here this summer. They will return by car.

GREENWOOD CITY

— Mrs. Collette Morgan, Corres. —

The quiet breathing of the furnace Wednesday morning was like music as I looked out on a world of white mixed with the autumn colors. It seemed unbelievable. I think the birds felt the same. They are such delicate things with a quiet mystery about them. Many kinds flocked to my driveway and feeders eager for a handout.

The air was full of wings and feathers: flying, scatching, scrapping, scolding, eating and an occasional tap-tap from "Hairy" or a few delicate notes from "White throat." High on a wire up over the water, so free, ruffled and wet sat Mr. Kingfisher, eyes alert, waiting to smack, like a hot iron plunging into water, for a breakfast of fish. The snow swirled like a ghostly and sluggish sea around him, while beneath near pond's edge, rose rank masses of grass cold and shivering in lacy white dresses.

How these birds find their way about is an intriguing problem as one thinks about or watches them. Impressive things and stories from years of outdoors come to the surface of memory. Migration is one of them. Some birds lead the way, shepherding their flock nearer to warmer climes. They cover short distances at a time and keep in touch with their calls.

Should you hear a soft warble it might be a bluebird encouraging his precious group of friends as he guides them to their destination.

During some of the dark passages that must be negotiated, what better guide could there be than the cheerful robin lovely and sagacious or the beautiful bluebird unpretentious and caretaking.

One day these traveling birds are in the air or filling the fields and trees; stuffing themselves with the fruit of the mountain ash, forest seeds, and hemlock cones. Then with unexpected suddenness they are off on that far journey that may stretch half way around the world, providing us with one of the great parades of life.

Mrs. Pelletier, Irene Stevens' mother is in the Osteopathic Hospital, Portland.

Mrs. James Coffin, West Paris, has been with her daughter, Jean Millett, since her return from the hospital.

The legislature pledging credit of State and providing for the issuance of bonds not exceeding, at any one time issued and outstanding, twenty-five million dollars for loans to private colleges for construction and expansion of facilities?

Proposed Constitutional Amendment No. 2
"Shall the Constitution be amended as proposed by a resolution of the Legislature to provide for an odd numbered Senate of not less than thirty-one nor more than thirty-five Senators following the constitutional requirement reapportionment in 1971?"**Proposed Constitutional Amendment No. 3**
"Shall the Constitution be amended as proposed by a resolution of the Legislature to Provide for Municipal Home Rule?"**Proposed Constitutional Amendment No. 4**
"Shall the Constitution be amended as proposed by a resolution of the Legislature Pledging Credit of State for Loans of Maine School Building Authority?"

The polls shall be opened at 10 a. m. and closed at 8 p. m.

The registrar of voters or the board of registration will hold office hours while the polls are open to correct any error in or change a name or address on the voting list; to accept the registration of any person who becomes 21 years of age or fulfills the residence requirements on election day, or after the close of registration prior to it; (to accept new registrations—if the municipality has a population of 2,500 or less).

A person who is not registered as a voter may not vote in any election.

JUNIOR GIRL SCOUTS

On Tuesday, the Junior Girl Scouts participated in a wide game on the Common. The theme of the game was scouting and each clue required the girls to demonstrate skills or know the history of scouting and Juliette Low. The last clue directed the girls back to the Legion Rooms for refreshments and songs.

The Junior Troop would appreciate knowing of anyone who might have Junior Girl Scout uniforms that are no longer being used. Please contact Mrs. Larry Cox if you would be interested in donating or selling used uniforms.

THE BIBLE SPEAKS TO YOU

DOCKS HONORED AT HOUSEWARMING

Mrs. Ronald Stevens, assisted by Mrs. John Greenleaf, were hostesses at a housewarming held at the home of Mr. and Mrs. Norman Dock on R. F. D. 1, Bethel. An autumn bouquet of mums arranged in a green bowl by Mrs. Blake MacKay had branches of "money" leaves for contrast.

Refreshments included an appropriate cake decorated to resemble the Dock's new residence complete with a Milky Way Mailbox at the entrance of the driveway, made by Barbara Greenleaf.

A social evening was enjoyed by the following neighbors and friends: Mr. and Mrs. Ronald Stevens, Mr. and Mrs. John Greenleaf, Mr. and Mrs. Stanley Davis, Mr. and Mrs. Richard Stevens and Leo Hicks, Mr. and Mrs. Donald Brown, Mr. and Mrs. Wilfred Coolidge, Rev. and Mrs. Frederick Bailey, Mr. and Mrs. Earl Davis, Mr. and Mrs. Wallace Saunders, Mr. and Mrs. Kenneth Brooks and Kelly, Mr. and Mrs.

Frank Hollis, Rev. and Mrs. George Stebbins and Scott, Mr. and Mrs. Alvin Stevens and infant son, Mr. and Mrs. Timothy Carter and family, Richard Carter, Mr. and Mrs. Burton Abbott, Mrs. Charles Epper, Mr. and Mrs. Ernest Perkins, Mr. and Mrs. Bill Ward, Mr. and Mrs. Arnel K. Brown, all of Bethel; and Mr. and Mrs. Charles G. Hamilton of Falmouth Foreside; and the honored guests, Mr. and Mrs. Norman Dock, Nancy and Jim.

Sending congratulations were: Mr. and Mrs. Richard Davis, Mr. and Mrs. Robert Gordon, Mr. and Mrs. Eldon Greenleaf, Dr. and Mrs. James Hudson, Mr. and Mrs. Franklin Chapman, Mr. and Mrs. Bruce Bailey, Mr. and Mrs. Robert T. Davis, Mr. and Mrs. Norman Davis and family, Newry, Mr. and Mrs. Raymond Buck, Mr. and Mrs. Clarence Howe and family, and the Blake MacKays.

Callers during the day included Guy Swan, Sr., and Guy Swan, Jr., Peter MacGregor and son, Alexander, of Rumford.

spokesman. Anyone who has ever attended its meetings will remember how she exulted over each new yard of pennies which brought just a bit closer her dream of a permanent home for the records and memorabilia of early Bethel. If these yards of pennies cease to multiply and, as so often happens, the present society declines with the passing of its leading figure, we who worked with Eva will have betrayed a trust. She left a work uncompleted; it is for us who remain to give her dream a permanent, concrete form.

More than anyone I have known, Eva was a living symbol of courage in the face of adversity. She refused to be defeated by physical infirmities; it was as if she refused to recognize their existence. Somehow each year which brought a decrease in physical stamina served only to sharpen her wit and increase her zest for life. I shall miss my chats with her about the Bethel that was, but even more I shall miss the bravery, the wit, the vigor which made her such an indomitable figure.

Last summer Eva and I talked about trends in modern drama and moving pictures, and in particular about the current Broadway show "Oh! Calcutta". She was intrigued by the conflicting accounts of this controversial production and, half in jest, offered to pay my way to New York so that I could see the show and give her a first-hand account. Now a former student has invited me to the city during the Christmas holidays to see "Oh! Calcutta". Since I seldom get to New York, I'm looking forward to the trip—but half the fun is gone: I won't be able to report back to Eva.

Sincerely yours,

Letters to the Editor

Editor
Oxford County Citizen
Bethel, Maine

Dear Sir:

I have been deeply saddened by the news of Eva Bean's passing. There are some people we simply do not associate with either old age or death. Eva was one of these. Little more than a month ago I was, in her pleasant sitting room enjoying a glass of wine and conversation ranging from local news to national politics and a current Broadway show. As always, I was struck by the breadth of her interests, the sparkle of her wit, and her evident love of living. Unlike many historians, she never dwelt in the past alone. On the contrary, she was both fascinated and amused by the modern world in which she lived.

With Eva's death, a vital link with our past has been broken. Her knowledge of Bethel and Oxford County history was amazing. She spoke of past generations with the easy familiarity of one who both knew and understood them. The people long buried in the graveyards she so often visited were not dead for her, and she could bring them back to life for us. Her dedication to preserving and sharing memories of days and ways long gone was complete. "The East Bethel Road" is her personal gift to the Bethel of today and tomorrow. We are the poorer in that she did not live to complete its sequel.

I do not know who actually conceived the idea for a Bethel Historical Society, but everyone knows that Eva was its hardest worker and most enthusiastic and effective

SP4 BOYCE COMMENDED BY U. S. ARMY

SP4 Michael B. Boyce, formerly of East Bethel, has recently been commended by the U. S. Army. SP4 Boyce is expected home soon following the completion of a tour of duty in Vietnam. The following is a copy of a letter from his commanding officer to his parents, Mr. and Mrs. Bruce Boyce of East Hampton, Conn.

Mr. and Mrs. Bruce Boyce

REF 1

Bethel, Maine

Dear Mr. and Mrs. Boyce:

It is with extreme pleasure that I inform you of your son's selection as the 58th Transportation Battalion Vehicle Driver of the Month for September. This is truly an outstanding accomplishment as the strength of the Battalion is over 700 men. Michael's accomplishments have been very commendable and reflect well upon himself and his family. Maintaining excellent military courtesy and bearing, Michael has exhibited a professional competence with a "can-do" attitude toward his job as Wheeled Vehicle Driver with the 142nd Transportation Company (ADS). Your son's attitude and knowledge mark him as a young man with great promise in his chosen field of endeavor.

I have found it to be true in the majority of cases that those men who are able to perform their best

ALMOST HALF OF CURRENT G. I. BILL ENROLLEES ENTER COLLEGE AS FRESHMEN

A study of the veterans who entered college during the first three years of the current G. I. bill indicates that while almost half enrolled as freshmen, about one in five enrolled for a master's or Ph. D. degree.

The Veterans Administration said that more than half of the G. I. college students indicated their field of study.

Of this group 31% chose business and commerce, 14.5% education, and 11% engineering.

Next in order are the life sciences (agriculture, biological, medical, and health), under 9%; technical courses, less than 8%; and social sciences, under 8%.

Business is also popular among veterans who trained in schools below the college level. Electrical and electronic training is another popular subject among this group.

In apprentice and other on-job training under the G. I. bill, structural courses are the most popular.

These additional statistics on veteran trainees were revealed in the report: 26.5 was the median age at the time of entering training; 70% were in their 20's; 8.5% were over 35; 28% had completed at least one year of college; 30% had one or more dependents; 90% were male.

The report was based on the three-year period ending June 30, 1969.

The VA invited veterans in or out of school to contact their nearest VA office if they have any questions about veterans benefits.

Veteran students were urged to inform the VA promptly if they have a change in their course of study, address or number of dependents.

DEER HUNTING OUTLOOK SAID TO BE GOOD

Maine's 1969 deer hunting season in the southern zone gets underway on Nov. 1, and the outlook is good for the state's 200,000-plus deer hunters. The season north of the Canadian Pacific Railway got underway on Oct. 15. Both seasons close on Nov. 29.

Because so many variable factors come into play, predicting the outcome of a deer season is risky business, but the Fish and Game Department expects that this year's final tally will be somewhere in the usual range of 35 to 40 thousand.

Although this would be lower than last year's tally of 41,000, it should be remembered that conditions were just right for a big harvest then.

Hunting conditions were ideal, record numbers of hunters were afield, and the deer population was at a high level.

The weather and the number of hunters out this year are unknown factors, but the deer had a hard winter and the population may not be as high as it was last year.

Snow came early and heavy last winter, and deer were forced to spend a longer than usual period in their winter yards, especially in northern sections. Some mortality and reduction in fawning potential usually accompany the stress of a hard Maine winter.

Detrimental also to the deer last winter and spring were free-running dogs which chased and killed unknown numbers of deer in the southern and more thickly settled sections of the state.

Last year's deer kill was the third highest on record. The highest kill ever recorded in Maine was in 1959 when 41,735 white-tails were taken by hunters. An average of the deer kills for the past ten years comes to slightly over 36,000.

Nearly 23 per cent of all of Maine's deer hunters were successful in 1968. Deer hunter success this high is unmatched by any other northeastern state.

The fluorescent orange test in the southwestern quarter of the state will be in effect again this year. The 104th Maine Legislature renewed the test in the area south of U. S. Route 2 and west of the Kennebec River for the 1969 and 1970 deer hunting season.

The law provides that in the test zone some item of outer clothing of fluorescent orange, visible from all sides, must be worn by hunters during the deer season.

AUDUBON SOCIETY OFFICIAL SAYS DDT HAS PRIVILEGED POSITION

The banning of cyclamates as a possible cancer-causing chemical accents the privileged position of DDT which has produced similar results in tests on rats, mice and trout.

Richard B. Anderson, associate director of the Maine Audubon Society, has stated:

"Dr. Samuel S. Epstein, chief of the Laboratories of Environmental Toxicology and Carcinogenesis of the Children's Cancer Research Foundation in Boston, has pointed out many times the cancer-inducing quality of DDT in young animals."

Anderson said, "His most recent public statement emphasizing the need for medical men to watch for cancers caused by DDT and certain other chemicals was made in New Orleans in April before the Science Writers Seminar of the American Cancer Society."

"Americans should be thankful that such chemicals as cyclamate fall under the watchful eye of the Federal Food and Drug Administration and rather alarmed that DDT enjoys the protection of the Federal Department of Agriculture where decisions have an economic bias."

"The irony is that no one could be exposed to the effects of cyclamate without voluntarily purchasing and using products which contained it. On the other hand, DDT pervades every food which we eat and we cannot escape it."

Andy and Susan Davis visited Mary Upton and Tom Davis at Gorham State College over the week end.

Sgt. Maynard Morgan is spending a leave from Korea with his father, Arthur Morgan. He visited S/Sgt. David B. Brown at McChord Air Force Base in Washington, during a short stop there.

BOND ISSUES OUTLINED

continued from Page One

Question 7 is of vital interest to almost every community in the state. It provides the state's subsidies to the cities and towns for school building construction. Of the total amount, \$9.8 million is for subsidies to elementary and secondary schools and \$800,000 is for regional technical and vocational school building construction. It has been estimated that 70-80% of all school children in the state are attending school systems that depend on the approval of this bond issue.

Question 8 relates to the future of the state's program for water pollution abatement. Estimates are that the entire cost of cleaning up water pollution in the state is approximately \$320 million. About half of this, or around \$150 million is the cost of cleaning up the municipal pollution that is caused by our cities and towns. The costs of pollution abatement are shared in a three-way split between the state, the federal government and the local community. The state pays 30%, the federal government 50-55% and the local community the rest. The \$50 million in the water pollution abatement bond issue is to finance the state's share of pollution abatement and to "pre-finance" the federal share—that is, for the state to advance the money until federal funds are made available.

Question 9 calls for a bond issue of \$700,000 to provide for new and improved facilities at the state's four Vocational-Technical Institutes, at several schools in the unorganized territories and for schools on two of the Indian reservations.

Question 10 relates to the state's investment in its natural resources and asks for fund to improve fire control facilities of the Forestry Department and for improvements in Baxter State Park. It also calls for acquisition, development and expansion of the State Park system, in such areas as Poland Spring, Peaks-Kenney, Popham Beach, Fort Point, Damariscotta Lake, Ferry Beach and the mouth of the Saco River. Funding is also provided in this bond issue for the preservation and restoration of historic sites and for the expansion of the state's Marine Research Laboratory at Boothbay Harbor.

Question 11 asks for funds to build state highways. State funds must also be provided for the matching share of federal highway aid. On inter-state projects, this amounts to 9 federal dollars for every 1 state dollar. The bond issue provides for \$8 million in the period 1969-70 and \$13.5 million in the period 1970-71.

Question 12 provides funds from a \$2,515,000 bond issue to improve the physical facilities of the state institutions run by the Dept. of Mental Health and Corrections. Renovation, building, fire prevention and safety projects, repairs and replacement of obsolete equipment would be carried out at the Augusta State Hospital, Bangor State Hospital, Pine-land Hospital and Training Center, the Boys Training Center, the Stevens School, the Men's Correctional Center, the Women's Correctional Center, the Maine State Prison, and Gov. Baxter School for the Deaf.

Question 13 asks for the approval of a bill passed by the Legislature to increase the limitations on interest payments on certain bond issues, because of current market conditions that make it impossible to sell bonds at the 5% limitation. This act would increase the limitation to 6%.

Bond issues affected are those for water pollution abatement and the 1965 authorized issuance of bonds for the development of the Allagash Wilderness Waterway.

The voters will also be asked to cast ballots on four proposed amendments to the State constitution. The first amendment would pledge the credit of the State to provide for the issuance of bonds to an amount not to exceed, at any one time, \$25,000,000 for loans to private colleges for construction and expansion of facilities.

Amendment two would require that the State Senate consist of an odd number (31 to 35) of Senators, having two year terms. One Senator would represent each district formed every tenth year of approximately equal population size.

Number three would permit municipalities in Maine having charters to alter and amend them on matters not contrary to the constitution and general law, in matters local in character.

The fourth proposed amendment would pledge the State's credit to insure payment of revenue bonds issued by the Maine School Building Authority.

Voters in communities permitting sale of liquor during the week in hotels, class A restaurants and clubs, will receive a separate referendum ballot concerning Sunday sale in such establishments.

TELSTAR IS 18-0 GRID VICTIM OF WINTHROP SATURDAY

Clyde Moody tied together 80-yard scoring runs within four minutes to whisk Winthrop High to an 18-0 Mountain Conference win over Telstar Regional High School on the Bethel field last Saturday afternoon.

The fleet end, a punt return and kickoff team sparkler, opened the game scoring late in the second period. He gathered in a Telstar punt and zoomed 80 yards. Moody repeated that distance feat quickly with the second half kickoff. Jack Hayford closed the scoring with a 15-yard burst off tackle late in the third period.

It was Winthrop's sixth Conference win against a loss and a tie. Telstar is winless in seven loop games. Telstar's big scoring try, and apparent 50-yard scoring pass from quarterback Ronnie Deegan to end Andy Davis, was nullified by an off-side call.

Fullback Don Luxton was strong as a Telstar ball carrier. Linebacker Preston Merrill, a wiry, 5-8, 175-pound junior, made 11 unassisted tackles, seven behind the line. He also recovered a fumble.

WOODSTOCK

The Assistant Leader, Mary Ann Wilson, will have charge of the Young People's Meeting at the Seventh-day Adventist Church on Friday evening at 7:00 o'clock. A special Week of Prayer has been called for November 1 through 8. Nightly services will be held and members are urged to make their youth special subject of prayer.

Many parents are failing their youth by neglecting their chief responsibilities — religious training. More than two thirds of the children in the United States are unchurched, attend no Sunday School and don't know the first thing about God. Consequently young people are searching for their own religion and in strange places—in drugs, psychedelic music, non-Christian forms of worship, even devil worship. Are parents reaping the results of their failure?

INTRODUCING THE VERY NEW AND VERY SPECIAL GRAND PRIX

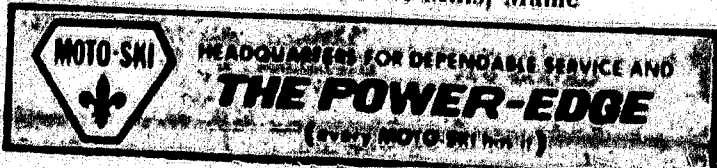

MOTO-SKI CREATES ROCKET POWER AND THE SPORTY GRAND PRIX: THE GOLD ONE

After we worked out the specs for the Grand Prix, we decided, in addition to everything else, that this baby should be gold. It's that different. You'll never drive a tougher snowmobile... nor a livelier one! From its fast-back racing seat to the stuff we call rocket power, this is an exceptional machine. We

teamed a series of exclusive MOTO-SKI power features... and carefully matched each to the output of a new engine. Then we treated this exciting thing as if we hated it. Results: rocket power... and a gloriously golden, Grand Prix for 1970!

W/O BROWN COMPLETES EIGHT WEEKS AT OFFICER INDOCTRINATION SCHOOL

Navy Warrant Officer Leroy A. Brown, son of Mr. and Mrs. James L. Brown of Bethel, and husband of the former Miss Bernice F. Farrar of Paris Hill, recently completed eight weeks of training at Officer Indoctration School, Newport, R. I.

The 277-hour course of instruction provides officer indoctrination and orientation in naval customs and regulations and further develops skill in military law, naval leadership, administration, tactical and technological subjects.

Officer Indoctration School also provides a system of Navy training and instruction which, in conjunction with the student's educational background, prepares newly commissioned medical, dental, and legal officers for effective performance as officers in the Naval Service.

PART - TIME FARMERS GET HELP

Many farmers in Oxford County who operate small farms, but who also obtain income from an outside source, may be overlooking a good opportunity to increase their farm income. The Farmers Home Administration, a farm credit agency, provides financial assistance to small part-time farmers. These loans are made as a part of the Operating Loan Program.

Farmers who qualify for this type of loan may use the money to pay operating expenses, refinance debts, or to buy livestock and equipment. Such loans may also be used to establish or expand recreational or other non-farm enterprises.

A Farmers Home Administration county supervisor helps farmers to develop a farm and home plan so they can make the best possible use of their resources and increase their incomes.

Elwyn R. Morrow, County supervisor for Oxford County said that a substantial part of the county's operating loan budget for FY1969 went to aid part-time farmers. Morrow also said that "if the loan is well planned with definite objectives in mind, this type of loan can be one of the best investments a part-time farmer can make."

The interest rate on operating loans is 6 5/8 percent and the repayment period may be scheduled for a period up to seven years.

Further information can be obtained from the Farmers Home Administration, Masonic Block, South Paris, Maine 04281.

From Our Back Issues

10 YEARS AGO

Two days and nights of rain brought the Androscoggin River to flood stage. It was estimated that from 15 to 20 thousand feet of boards and logs were missing at the Davis saw mill. Local homes damaged included those of Winfield Howe, George McAllister at Skillingston, and Hazen Lowell at West Bethel. At the high point, Bethel area, water was six inches lower than the March 1953 point. Many boats were launched in the road by the Docks mail box on the Middle Intervale road.

Paul Dwyer was released from the Maine State Prison at Thomaston on parole.

Membership in the Oxford County Extension Association had reached a thousand.

Death: Theodore Gonya.

20 YEARS AGO

Passenger trains were running only four days a week. The shortage of coal was due to a strike.

John Kane of Lovell started a deer

farm at his Sabbatos Chinchilla Farm in a 50-acre fenced area.

30 YEARS AGO

Mr. and Mrs. Albert Grover were given a housewarming party at their new home on Mason Street.

Frank Parsons suffered several broken ribs when the truck he was driving overturned at the foot of Screw Auger Falls Hill, Grafton.

40 YEARS AGO

A blower system was installed in the H. F. Thurston and Son dower mill. This plant was destroyed by fire in October of 1944.

50 YEARS AGO

A crew of 30 working at the Bethel corn shop were canning over 40 barrels of apples a day.

At a special town meeting Woodstock voted to install electric lights in the high school, library and town hall, also to have electric street lights.

60 YEARS AGO

Miss Frances Adams, evangelist, was conducting meetings at the Bethel Methodist Church.

CLASS SCHEDULES AND SIZES COMPUTERIZED AT AUGUSTA CAMPUS, U. OF M.

The first venture in the use of computers to determine class schedules and sizes has been pronounced a success at the University of Maine's Augusta campus. UMA students selected courses in order of preference rather than the time period set for them and the computer then scheduled the classes, with very few conflicts.
